Tires that did not require setting in thirty years—on a Studebaker

WHEELS are the life of a wagon. Hubs, spokes, felloes and tires of the best materials, put together by skilled workmen, go into every Studebaker.

What is the result? Mr. William H. Horton, of Nineveh, N. Y., writes that the tires on his thirty-six year old Studebaker farm wagon did not need resetting in thirty years—and the wagon was in use every day.

We can prove to you that this is not an exceptional Studebaker wagon. There are thousands of Studebaker wagons in use today that are forty years old and more. And that have cost their owners little or nothing for repairs.

Come in and look over our stock of Studebaker vehicles. Let us show you how well they are built.

### MEMORIAL SERVICES

Will Be Held by the Sunday School of the Forest Avenue M. E. Church—Decorations of Graves of Old Soldiers on Next Tuesday.

The Sunday School of the Forest Avenue M. E. Church will hold Memorial Services on Sunday morning following the Sunday School hour for the thousands of soldiers of the Union who have passed away, either during their service for their country or have died since the Civil War.

The annual Memorial services, which have been held in Beechwood Park on the Sunday preceding Decoration Day for many years, will not be held this year, no arrangements having been made for them. The Forest Avenue School is to be congratulated in taking the step toward memorial services, which would have been neglected had it not been for their foresight.

A program has been arranged for the services. It includes speeches and songs by the younger members of the schools. Mr. W. H. Meneach, a well known Maysville man, who is one of the best speakers in this county, will deliver an address.

On Tuesday afternoon the Sunday School of that church will decorate the graves of the old soldiers in the Maysville Cemetery. They will meet at the cemetery at 4 o'clock and will be shown the graves by some surviving members of the Union Army who is familiar with the work of decorating the graves.

It is a sacred duty of every citizen to honor the fallen heroes who so heroically defended their country in its time of peril and need. They saved the country which was destined to become the leader in the world's greatest war.

### OPPORTUNITY

Maysville To Be Honored Sunday by Visit From Hon. Ben L. Bruner.

Maysville's big Baraca class has scored again. They "Do things." They are out to "boost Maysville" and "help men." Sunday the Hon. Ben L. Bruner, of Louisville, Ky., will address this class of hustlers.

Dr. Bruner is not a stranger to many Maysvillians. He is ex-secretary of state of this commonwealth. Was a candidate for governor. Had much to do in the shaping and putting on our statute books the state banking law. He is now president of an insurance company in Louisville. He is known to be a strong character, an orator of ability and a Christian gentleman.

The Baraca class is not selfish. It believes in passing a good thing along. So the men of Maysville, Mason county and the surrounding country are cordially invited to hear this gifted son of Kentucky.

Much of the address will deal with the spirit of fraternalism, so every secret order in Maysville is urged to have their men present to hear it.

The Chamber of Commerce is invited to attend—the circuit judge and his fellow officers; the county judge and his coworkers; the police judge and his "strong arms"; the mayor and his body of law makers; the physicians, the manufacturers—all are invited to hear this big man deliver a big address. In fact, every man who will let him come. The class is prepared to seat comfortably 987 men.

The time is 9:30 Sunday, May 27. The place is Baraca class, First Baptist church. The speaker, Dr. Ben L. Bruner.

It has been rumored on the streets of the city for some several days that Mr. Harry C. Grimsley and Miss Thelma Peddicord were to wed.

This morning upon hearing the rumor we telephoned the parties in question and received confirmation of the fact. We were informed that the report was true that the couple had not desired to have it made public as yet.

Miss Peddicord is the beautiful and accomplished daughter of Mrs. Cora A. Peddicord, Superintendent of the Maysville City Mission. Miss Peddicord, although she has been in this city only a few months has a host of admirers in all parts of the city and is known to all as a sweet and lovable girl.

Mr. Grimsley has been in Maysville since the first of last December as Secretary of the Chamber of Commerce. He is a very efficient young man and well-liked by all with whom he has come in contact.

## Of Interest to Mothers

In ready-to-wear garments we find the prettiest white dresses in two to twelve year sizes have the skirts fashioned of embroidered flouncings, so it occurred to us, mothers might be glad to avail of an opportunity to buy beautiful flouncings at a reduced price, and by making the dresses at home, have two, for the price of one, ready-to-wear garment.

Making a little frock with an embroidered flouncing skirt is so easy, even the least skillful sewer can accomplish it.

Of course at this time, when prices of all imported merchandise is almost hourly advancing, there must be a reason for the generous reduction we offer. There are—it is because the flouncings are soiled as they have been used in both store and window decoration, but that is their only fault. They are first quality, NOT SECONDS, the patterns are lovely, the work is beautifully done and the materials will delight any woman who is a judge of merchandise. So with this introduction we present a limited but choice stock of

# THE DAILY PUBLIC LEDGER

Published Daily Except Sunday, Fourth of July, Thanksgiving and Christmas by the Ledger Publishing Company, Maysville, Kentucky.

## GOOD ROADS AND THE COST OF LIVING

No matter how heavy taxation for war purposes may be, the community must keep up its ordinary every day facilities for doing business. Good roads are the foremost of those facilities. They are a part of the general scheme for national preparedness. The country can not be efficient unless it provides highways over which our produce can be hauled at the least expense for truckage.

One of the items in cost of living is the expense of hauling produce over bad roads. Whenever a community improves its roads, it can put its products on the market for less money. If it gets the same prices that other people get, its producers are able to do business for the minimum expense and they prosper correspondingly.

Labor, horseflesh, gasoline and motor trucks cost high. A pair of horses working on a smooth hard road will do the work of two pairs on bad road. The cost of help is likewise cut in two.

Many places that are some distance from the railroads, yet are able to get their farm produce to market cheaply by having a good road over which to draw it. They get all the advantages of inexpensive living that go with the country, and at the same time pay only a reasonable charge for hauling. It is a sound basis for prosperity and can not be beaten.

Rough, uneven pavements in the business portion of towns also add to the wear and tear and expense of doing business. Horses haul loads over such streets with difficulty, and can not draw heavy weights. It takes more gasoline for motors, and increases the strain on the machinery of a truck. All these expenses are finally settled by the consumer.

But because people do not get it in tangible form like a tax bill, they do not realize that they have to pay it. These are things to ponder when the time of year comes for work on the roads, and when some people are inclined to growl about the heavy highway bills.

## DEAL WITH MEN YOU KNOW

Don't expect the impossible of your town and its merchants. Be sure first, before you complain of the goods and prices of home merchants, that you haven't had a hand in making it impracticable for our merchants to handle the kind of goods you want at the prices you can pay. Merchants are not mind readers nor are they blind to their own best interests. If they haven't own best interests. If they haven't what you want they will get it for you at as low a price as they can get it anywhere else. They deserve to be given an opportunity to do so anyhow; but if they do not deserve it you will be doing yourself a bigger favor than you will be doing them you know and that can be held personally accountable for their promises and performances. Try this for a rule of trading hereafter.

Also there are some philanthropists who expects a dollar's worth of gratitude for a dime's worth of charity.

Also, as a general thing, when a little girl is the picture of health she is mostly a moving picture.

## TO REDUCE TRAINS

Huntington, W. Va., May 22—The Chesapeake & Ohio Railroad company has asked permission of the West Virginia public service commission by an informal petition to take off a number of passenger trains on their main line and branches. The company claims that the demand for motive power to carry coal and other supplies needed by the Nation during the war makes it imperative to take care of the freight situation at once by reducing passenger service.

The railroad did not indicate, in the petition, what trains will be dispensed with, and it is understood officials are undecided just what trains can be cut off.

There will be no trains taken off of this division according to a statement made by Superintendent J. H. Harris of the Cincinnati division, who was here several days ago.

## MOTHER SAID TRY IT

Lydia E. Pinkham's Vegetable Compound Cured Mrs. Copner after Doctor's Failed.

Cincinnati, Ohio.—"I want you to know the good Lydia E. Pinkham's Vegetable Compound has done for me. I was in such bad health from female troubles that I could hardly get off my bed. I had been doctoring for a long time and my mother said, 'I want you to try Lydia E. Pinkham's Vegetable Compound.' So I did, and it has certainly made me a well woman. I am able to do my house work and am so happy as I never expected to go around the way I do again, and I want others to know what Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. Josie Copner, 1608 Harrison Ave., Fairmount, Cincinnati, Ohio.

No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial. This famous remedy, the medicinal ingredients of which are derived from choice roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism.

## STRODE-DIXON

The marriage of Miss Mary Evans Strode to Mr. Paul Everett Dixon, of Bowling Green, Ky., was a beautiful event in society Wednesday. It was celebrated at 9 o'clock at the home of the bride's parents, Mr. and Mrs. Lewis Gay Strode, on Forest avenue, the Rev. J. W. Porter and the Rev. Mark Collins officiating. The wedding colors were pink and white and the decorations were elaborate and in exquisite taste. The halls, drawing room and library were thrown together and as a setting stately palms stood against the walls and were banked in pyramids before the mantels.

Before the ceremony, as the guests assembled, Mr. Bruce Reynolds with his violin and Mrs. Margaret Foster Acosta at the piano rendered a charmingly selected program, playing for the coming of the bride procession, the Bridal Chorus from Lohengrin. As it sounded, the ribbon bearers, Miss Altha Thompson, cousin of the bride, and Mr. Owen Reynolds came from the stairway through the hall and drawing room carrying broad, white satin streamers to each end of the altar to form the aisle. Then followed the two lovely bridesmaids, Misses Carrie Lee Jones and Ernestine Perry, came slowly alone down the stairway and met the groomsmen, Mr. S. A. Greener, of Bowling Green, and Mr.

Preston Cherry, of Morgantown. Miss Thomson and the two maids were beautiful gowns of pale green tulle over chiffon trimmed with silver lace and the bridesmaids' bouquets were pink sweet peas and valley lilies tied with pink tulle. The matron of honor, Mrs. Allison Trigg, of Glasgow, a sister of the bride-groom, walked alone. She was charming in flesh-colored tulle over satin with lace trimmings and carried an armful of pink sweet peas and valley lilies tied with tulle.

As they passed to the altar the bride-groom with his best man, his brother, Mr. James A. Dixon, of Bowling Green, came from the library and the couple joined for the beautiful ceremony, during which "At Dawning" was softly played. For the blessing the couple knelt on white satin cushions and after the prayer the joyful strains of Mendelssohn's wedding march sounded and congratulations were showered upon the happy couple. The bride was charming in her exquisite wedding robe of white Duchesse lace, an elegant heirloom over tulle and white satin. It was elaborately trimmed with pearls and from the shoulders fell the court train. Her tulle veil was fastened in her hair with pearls and she carried a shower of valley lilies and white sweet peas.

Later in the evening they left for a trip of several weeks and on their return will make their home in Bowling

Green, going immediately to house-keeping. The bride is the only daughter of the home, and a favorite in the younger social set who will be much missed. She is charming and attractive and loved and admired by all who knew her. Mr. Dixon is a son of Mrs. Dixon and the late Dr. James A. Dixon, of Bowling Green. He is handsome and attractive and has a host of Lexington friends. He is a graduate of the class of 1915 in law at the University of Kentucky and is now one of the most promising young attorneys in his city.

Mr. and Mrs. Strode, with the bride-groom's mother, Mrs. James A. Dixon, and Mr. Strode's father, Dr. J. T. Strode, received the guests. Mrs. Strode was handsome in a gown of pale gray Georgette crepe over satin with trimmings of beads and lace. Mrs. Dixon wore a beautiful gown of black lace. Assisting were Mr. and Mrs. Hall Strode of Maysville, and Miss Mary Louise Warren. The guests included relatives and most intimate friends and about one hundred and fifty were present. The wedding was one of the most beautiful and interesting events of Spring and the host of friends of the couple join in wishing them a long life of much happiness.

London, May 23—A detachment of American army engineers, the first destined for the fighting front, reached London today. It is announced also that a second American hospital unit has reached England.

Keep the little ones healthy and happy. Their tender, sensitive bodies require a gentle, healing, harmless remedy in the Spring. Hollister's Rocky Mountain Tea is a safe tonic remedy, thoro but not injurious. 35c. J. J. Wood & Son.

## INCREASING POULTRY PRODUCTS IN THE UNITED STATES

Washington, D. C., May 17—The statement made at the recent agricultural conference at St. Louis that the poultry products of the United States could be doubled within a year means that if everybody in a position to help did their part six hundred million dollars worth of food would be added to our supply this year.

This includes both meat for the table and eggs. Very few farmers practice a systematic plan of disposing of their fowls after they have ceased to be productive, although it is well known that fowls of the heavier breeds, such as the Plymouth Rocks, cease to produce a profitable number of eggs at the end of their second laying year, and that this holds true of the lighter breeds, such as the Leghorns, at the end of their third laying year. Consequently, if efforts were made to dispose of all females when their best laying days were over a large quantity of poultry meat would be placed on the market. All poorly developed chickens should likewise be culled out and used as meat. This way of disposing of unprofitable fowls would allow the farmer to feed his grain to younger and more productive fowls.

Caponizing the cockerels that are not intended for breeding purposes will not only increase their size but will place a more desirable poultry meat on the market. Another practice that should be adopted more widely is that of fattening all chickens that are to be marketed before they leave the farm. This can be done easily by confining the birds for a week or ten days and feeding them a good fattening ration. They will come to market then in better condition and the farmer will receive a profit for their added weight.

The greater production turkeys, ducks, geese, and guinea, all of which can be profitably raised and a ready market found in most sections, would increase the supply of poultry meat considerably. The production of ducks especially should be emphasized at this time, because of the rapidly with which they grow. Ducks of most of the meat breeds, properly fed and managed, frequently weigh from five to six pounds at ten weeks of age. It is estimated by poultrymen making a specialty of growing ducks that the feed cost per pound of producing duck meat ranges from 8 cents to 12 cents, depending upon the current prices of grain and other feeds.

**Increasing The Supply of Eggs**  
The number of marketable eggs can be increased by following a few practical suggestions. Among the most important of these are the production of the infertile egg after the breeding season is over, and the proper handling of eggs by the farmer before sending them to market. The infertile egg is obtained when all male birds are removed from the flock. This does not decrease the number of eggs produced, but it does increase greatly their keeping qualities. The production of the infertile egg and the proper handling and marketing of

## GOOD BACKS FOR HAD

Maysville Residents Are Learning How to Exchange the Old Back For a Stronger One.

Does your back ache, feel weak and painful? Do you suffer headaches, languor and depression? The kidneys may be calling for help. Weak kidneys cannot do their work. Give them the help they need. To cure a kidney backache you must cure the kidneys. Use a tested and proven kidney remedy.

Dean's Kidney Pills have stood the test. Convincing proof of merit in Maysville endorsement: Mrs. M. Holliday, 221 W. Second St., Maysville, says: "At times, my back has ached across my kidneys. My kidneys have been irregular in action and I have had dizzy spells and headaches. I have always used Dean's Kidney Pills, getting them at Wood & Son's Drug Store, and they have never failed to relieve these complaints." Mrs. Holliday is only one of many Maysville people who have gratefully endorsed Dean's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DEAN'S KIDNEY PILLS, the same that Mrs. Holliday had—the remedy backed by home testimony. 50c all stores. marketable eggs each year by diminishing the quantity that are rendered unfit for food.

An increased production of ducks' eggs is advisable where available markets are found. The poultry house should be clean and sanitary and the fowls free from insect pests, thereby preventing disease and mortality. It is estimated that nearly \$9,000,000 worth of poultry is lost each year through disease alone. Special attention should be given to the feeding and housing of laying fowls at seasons of the year when their natural source of food supply is cut off.

**General Increase in Poultry Products**  
Although the hatching season proper should be considered at an end by May 1, it may be feasible in some sections of the northern and northwestern part of this country to continue hatching until the first of June. Chickens hatched at that time, with proper feed and management, will frequently begin laying in January of the following year. The maturity of fowls hatched late can be greatly increased if the mother hens are confined until the chicks are weaned. In this way feed that is furnished the chicks produces growth, instead of energy to follow the mother. Extra precautions should be taken in the late spring and early summer to keep the young birds free from lice and disease, both of which cause thousands to die every year. More general use of the incubator will increase considerably the output of chickens, and consequently the number of layers the following year.

The U. S. Department of Agriculture and the several State agricultural colleges will be glad to supply helpful information to anyone interested in raising poultry on a large or small scale.

**ECONOMY**  
Is an added argument just now in favor of the delightful flavored, nutritious health-food Grape-Nuts.

### CHAUTAUQUA GUARANTORS

Will Meet in the Chamber of Com-

to Lay Plans for the 1917  
Program.

A meeting of the guarantors of the  
1917 Chautauqua will be held in the  
Chamber of Commerce this evening at  
5 o'clock for the purpose of talking  
over plans for the program of the sea-  
son.

The Lincoln Chautauqua will be  
used this year instead of the Redpath  
as has been used for the past several  
years. In fact, since the first one in  
Maysville. This company is a new one  
to Maysville, although it is one of  
the oldest in the United States.

Plans are under way for making the  
1917 Chautauqua the best ever held in  
Maysville. Fifteen hundred dollars has  
been pledged the Chautauqua people  
and the guarantors are responsible for  
the amount.

One of the attractions promised the  
Chautauqua lovers this year is the  
light opera, "The Bohemian Girl." An-  
other feature will be the appearance  
of either Richard Pierson Hobson or  
Vice President Marshall in Maysville.

### WANT WORK

Two Young Men of the University of  
Cincinnati Anxious to Spend Sum-

We are in receipt of the following  
letter from Mr. Frank S. Newell, a  
Maysville man, now connected with  
the Cincinnati Post, which is self ex-  
planatory:

Dear Mr. Mathews,  
Cherence Mathews,  
Maysville, Ky:

There are two brothers, pupils of  
The University of Cincinnati, one 18  
years old and the other 21 years old,  
who desire work on a farm for the  
summer. They have made arrange-  
ments with the faculty of the Univer-  
sity so as to be able to stay on the  
farm until late in the season, in fact  
until harvest is over.

These boys have had very little farm  
experience but are hard and willing  
workers. They work their way thru  
school and help support their mother  
and sister. They will take a job with  
some farmer, who will give them a  
clean room board in addition to a fair  
salary.

These boys are of a good family and  
clean cut young men. I know that  
there are many farmers in good old  
Alason who want reliable help.

Now Mr. Mathews I am trying to do  
my "bit" toward placing these young  
men. Do yours by publishing this let-  
ter as it might be the means of some  
farmer doing his.

Refer any replies to me, in care Cin-  
cinnati Post, Cincinnati, Ohio.

Thanking you, I am  
Yours very truly,  
FRANK S. NEWELL,  
c/o Circulation Department.

Rev. Pich will preach at the Ger-

ing at 10:30.

### DR. BRUNER TO SPEAK

The Barren Class of the First Baptist Church has secured one of the  
best known Kentuckians to speak on  
next Sunday, the last day of the con-  
test between Paris and Maysville  
classes. Dr. Ben L. Bruner will be the  
speaker of the day. He has been very  
prominent in the political service of  
this state, having been secretary of  
state for four years under Governor  
Wilson and once candidate for the  
governorship. He is called the "sil-  
ver tongued orator of the south."

Mr. Russell Greenlee was a business  
visitor in Cincinnati yesterday.
